Job Training Partnership Act; Implementation of 1986 Amendments; Technical Corrections

AGENCY: Employment and Training Administration, Labor.

ACTION: Final rule.

SUMMARY: The Employment and Training Administration is amending its regulations to implement the Job Training Partnership Act Amendments of 1986. The final rule includes a number of technical corrections and other clarifications.

EFFECTIVE DATE: March 14, 1988.

FOR FURTHER INFORMATION CONTACT: Mr. Robert N. Colombo, Director, Office of Employment and Training Programs, Employment and Training Administration, U.S. Department of Labor, Room N4469, 200 Constitution Avenue, NW., Washington, DC 20210. Telephone: (202) 535-0577.

SUPPLEMENTARY INFORMATION: On June 24, 1987, the Employment and Training Administration (ETA) of the Department of Labor (DOL or Department) published a Notice of Proposed Rulemaking (NPRM) to amend the Job Training Partnership Act (JTPA) regulations to implement the Job Training Partnership Act Amendments of 1986 and to make other technical corrections. 52 FR 23681.

After full consideration of public comments received in response to the NPRM, ETA is publishing this final rule.

Rulemaking History

On October 13, 1982, the President signed the Job Training Partnership Act, Pub. L. 97-300 (JTPA or the Act). Amendments to JTPA were enacted in the Job Training Partnership Act Amendments, Pub. L. 97-404 (December 31, 1982); the Carl D. Perkins Vocational Education Act, Pub. L. 98-524 (October 19, 1984); the Job Training Partnership Act Amendments of 1986, Pub. L. 99-496 (October 16, 1986); and the Homeless Eligibility Clarification Act, Title XI of the Anti-Drug Abuse Act of 1986, Pub. L. 99-570 (October 27, 1986). See also Section 713(b) of Pub. L. 99-159, National Science, Engineering, and Mathematics Authorization Act of 1986, which contains technical amendments to the Carl D. Perkins Vocational Education Act that in turn amend JTPA.

Final regulations promulgated by the Department of Labor to implement the

provisions of the Act were published in the *Federal Register* at 48 FR 11078 (March 15, 1983); 48 FR 48753 (October 20, 1983); 48 FR 49198 (October 24, 1983); and 48 FR 52438 (November 18, 1983). See 20 CFR Parts 626-636 and 684.

These regulations have been amended by *Federal Register* publication on two additional occasions: on April 26, 1985, at 50 FR 16473, as corrected on June 13, 1985, at 50 FR 24764; and on August 29, 1986, at 51 FR 30856. The enactment of the Job Training Partnership Act Amendments of 1986 establishes the need for further modification of the JTPA regulations to incorporate the revisions contained in the amended legislation.

On January 16, 1987, an Advance Notice of Proposed Rulemaking (ANPR) was published in the *Federal Register* as part of this rulemaking. 52 FR 1932. The ANPR invited comments on the overall approach and actions proposed. Comments received in response to the ANPR and ETA's discussion of those comments were set out in the NPRM. 52 FR 23681 (June 24, 1987). The comments on the ANPR were taken into consideration in development of the NPRM.

Discussion of Comments on Proposed Rule

Fourteen sets of comments were received in response to the NPRM. Seven were received from public interest groups, five from State-level agencies, and two from Private Industry Councils (PICs). The following is a summary of the major comments received and DOL's response.

Definitions

The proposed rule would amend § 626.4 to include a definition of "participant" that had previously been issued administratively. One commentator suggested that "participant" be defined to include those persons engaging in "pre-enrollment activity", and specify that such activities constitute services to which costs may be allocated among the various cost categories. The intent of the definition of "participant" is (1) to incorporate into the regulations the definition that has been in use administratively, and which is contained in the reporting instructions; (2) to make clear that certain pre-enrollment activities, such as outreach, intake, and initial assessment, which may be provided to a large number of individuals, do not constitute participant status; and (3) to make clear that individuals who have started receiving employment, training, or services (except post-termination services) following intake are

participants. No further change is being made to the definition of "participant" as proposed.

State Incentive Grants

The proposed regulation at § 627.24 provides guidance for States' use of incentive grant funds.

Two commentators questioned the need for the reference to § 629.39(f) of the regulations, and stated that incentive grant funds received by the service delivery area (SDA) for exemplary performance should have no special restrictions on their use beyond those imposed upon other JTPA funding. In addition, the commentators stated that only technical assistance funds should require special restrictions. The proposed rule at new § 629.39(f) implements JTPA section 202(b)(3)(B) which provides that funds which are used by the Governor or an SDA to develop a data collection system to track the post-program experience of Title II-A participants are not subject to the limitation on certain costs provisions of Section 108 of the Act for a period of not more than 2 program years (PYs). The amendatory language, in conjunction with the Congressional Joint Explanatory Statement of Compromise (132 Cong. Rec. H 8809, October 1, 1986), defines the 2-year period that applies to the amendments to JTPA. The Statement indicated that the amendments pertaining to the use of incentive grant funds are effective retroactive to the beginning of PY 1986 (i.e., July 1, 1986). Thus, the 2-year exemption began on July 1, 1986, and ends on June 30, 1988. The effect of the proposed rule at § 629.39(f) is to provide the exemption and indicate that, after the 2-year period, the limitation on certain costs provisions of § 629.39 are reinstated and apply once again to technical assistance funds and incentive funds made available to an SDA under section 202(b)(3) of JTPA. The proposed rule, however, inadvertently cited only paragraph (d) of § 629.39 which refers to the exclusion of 6-percent funds used for technical assistance from the 70/30 minimum and maximum cost limitation provisions of § 629.39(c) of the regulations. A correction is being made to § 629.39(f) in the final rule to indicate that after the 2-year period the provisions of § 629.39 (a) through (e) are reinstated and apply, as appropriate. One commentator questioned whether incentive funds made available to SDAs could be used for post-program followup after June 30, 1988. DOL does not believe that regulatory clarification is needed on this matter, since other JTPA activities, including post-program followup, may

be provided during the 2-year exemption period permitted for the development of post-program data collection systems or after that time, subject to the provisions of 20 CFR 629.39(c). In other words, costs attendant to post-program followup data collection may be charged to incentive funds received by an SDA after June 30, 1988, so long as they are charged to administrative expenditures and are within the prescribed limits on administrative expenditures.

Three commentators suggested changes to the proposed language at § 627.24(b), which precludes the expenditure of technical assistance funds to support ongoing maintenance of management information systems or other activities that should be charged to the overall administration of JTPA programs. All stated that the language in the proposed rule was ambiguous and too restrictive. The commentators suggested that the terms "ongoing maintenance of management information systems," "overall administration," and "other activities" should be clarified in the final regulations. Two of the commentators stated that the use of technical assistance funds for one-time projects or costs to upgrade information systems, train staff, and acquire additional hardware or software should be allowable, even if not directly associated with post program data collection activities. They argued that such activities provide added efficiency to the overall management information system (MIS) which would have a positive impact on performance. The statutory amendments and Congressional Joint Explanatory Statement are clear on the use of technical assistance funds, in that "technical assistance" means activities directly related to program performance, including "preventative technical assistance." Further, the intent of providing for preventative technical assistance is to enable States to anticipate program deficiencies and take corrective action prior to the failure of an SDA to meet the Secretary's performance standards. The Department considers the activities suggested by the commentators to be in the nature of ongoing operational support of MIS, not directly associated with post-program data collection activities, and not "technical assistance" in the meaning of the statutory amendments and the Congressional Joint Explanatory Statement. No change is being made to the proposed language concerning "ongoing maintenance of management information systems." One of the commentators also suggested that the

term "overall administration" was too broad and needed clarification. Similarly, another of the commentators expressed a like concern with respect to the term "other activities." The intent of the proposed language is to provide added emphasis regarding the use of technical assistance funds. It is clear that the Congress does not intend that 6-percent technical assistance funds be used to pay for costs which are associated with the normal, day-to-day, overall administration of JTPA programs. DOL does agree that the term "other activities" may be too general and is, therefore, adding language to § 627.24(b) in the final rule to indicate that the limitation on the use of technical assistance funds applies to other activities that provide for the ongoing operational support of Title II-A programs. DOL is not including an exhaustive list of activities constituting technical assistance, or costs considered ongoing operational support costs of JTPA Title II-A programs. These are matters appropriately under the purview of the Governor pursuant to the provisions of § 627.1 and the Governor/Secretary Agreement, as well as the provisions of § 629.37 on allowable costs and § 629.38 on classification of costs.

Two commentators suggested that the final regulations should provide greater flexibility for single statewide SDAs on the use of 6-percent funds, in particular with respect to 6-percent funds used for technical assistance funds. The commentators cited H.R. Rep. No. 99-754 on the House's bill (H.R. 5185, 99th Cong., 2d Sess.) to amend JTPA in support of their recommendations. The language contained in the House Committee's report indicates that, in the case of single statewide SDA States, technical assistance funds "may be used to improve program performance in general within the state or to help in meeting program requirements such as the requirement to expend forty percent of funds on youth." The enacted legislation (Pub. L. 99-496) and the Congressional Joint Explanatory Statement does not include the House report language. They do indicate the purpose and intent of technical assistance funds, making no exception for single statewide SDA States. The statutory amendments expand the use of funds for technical assistance to permit such assistance to be provided to all SDAs, not just to SDAs which fail to meet the Secretary of Labor's performance standards. The Congressional Joint Explanatory Statement also clarifies that technical assistance means activities directly related to program performance. The

legislative change was enacted to enable States to anticipate deficiencies and take corrective action prior to failure to meet performance standards. Where the House report is expansive in the uses of technical assistance funds, the joint statement is more focused and clear on the use of such funds. DOL agrees that single statewide SDA States do have flexibility to develop policies and the methodology for distributing 6-percent incentive funds to subrecipients. It does not follow, however, that such States have the authority to use technical assistance funds to undertake activities which would not be permissible in multi-SDA States. The provisions on the use of technical assistance funds apply equally to single statewide SDA States and multi-SDA States alike. No change is being made to the proposed regulation.

Statewide SDA Plan Submission

The proposed regulation at § 628.6 provides that when the SDA is the State the Governor shall submit to the Secretary a 2-program-year job training plan. Two commentators asked that the current language contained in this section regarding approximate plan/modification submission dates be retained. The Department agrees that existing language within § 628.6(a) adequately addresses the matter of statewide plan/modification submission dates and that portion of § 628.6(a) is being retained in the final rule. In addition, the final rule also retains that portion of the language in § 628.6(b) stipulating that a plan will be considered approved, unless within 30 days the Secretary notifies the Governor otherwise in writing.

Credit for 14- and 15-Year Olds Toward 40-Percent Youth Requirement

One commentator requested that funds expended on youth ages 14 and 15 enrolled under any portion of JTPA Title II-A be used to meet the 40-percent expenditure requirement for youth. The Act, as amended, is explicit in that only individuals 14- and 15-years old enrolled in pre-employment skills training pursuant to JTPA Section 205(c)(1) may be included in meeting the 40-percent requirement. Therefore, no change is being made to the proposed regulatory addition to § 630.1(b)(1).

Summer Youth Employment Training Program (SYETP)

At § 630.2, the proposed regulations specify the instructions and schedules to be used by the Governor to ensure that each SDA has a Summer Youth Employment and Training Program

(SYETP) plan which includes assessment, description of program activities, and written program goals and objectives.

Two commentators suggested that the proposed rule clarify that the SYETP under Title II-B be included under JTPA, the SDA's JTPA Title II-A job training plan.

DOL does not believe that this is something that should be prescribed in the regulations given the nature of Title II-B summer programs. A State may wish to provide for a separate planning cycle for SYETP programs (e.g., annual) to respond to fluctuations in funding levels or other changes that may occur from one year to another. States may provide for the Title II-B SYETP plan to be included as part of the SDAs Title II-A job training plans, but there is no requirement that they do so. No change is being made in the final rule.

A comment was received that § 630.2 should be revised to permit flexibility in the assessment of Title II-B participants and should authorize use of a sampling methodology. Assessment of SYETP participants does not require that new tests or tests separate from local educational agencies be conducted, since existing information and data may be used. The use of sampling methodology is not consistent with the intent of the amended Act which provides for assessment of reading and mathematics skill levels of eligible participants. The objective is to determine an individual's needs and respond to them. Sampling does not permit that.

One commentator suggested that in § 630.2(c)(3) language should be added to make clear that the SYETP must include a description of evaluation criteria and procedures used to evaluate the effectiveness of SYETP programs. DOL believes this is a constructive suggestion that is consistent with the statutory amendments and, therefore, the final rule is revised accordingly.

Also, § 630.2(c)(2) is being amended as a result of comments to provide that the SYETP plan will, based on the assessment of reading and mathematics skill levels of eligible participants, describe SDA basic and remedial education programs which enhance the basic education skills of youth.

One commentator suggested that the SYETP plan should contain an expenditure plan and demonstrate that the SDA will expend at least 90 percent of the total funds available. The amended legislation does not provide authority for DOL to establish such a requirement. DOL believes that such matters should appropriately be determined by the Governor pursuant to

the provisions of 20 CFR 627.1 and the Governor/Secretary Agreement.

Identification of Dislocated Workers

Two commentators noted that the phrase "or who have received a notice of termination or lay-off" is missing in § 631.30(a)(1) of the proposed regulations, which is inconsistent with the provisions of JTPA Section 302(a)(1). The exclusion of this phrase in the proposed regulation was an inadvertent omission and was not intended to indicate any change in the statutory provisions of JTPA Section 302(a)(1). The missing phrase is restored in the final regulation at § 631.30(a)(1).

Two commentators recommended that the word "failure" be deleted from proposed regulations at § 631.30(b)(2) (iv) and (v) pertaining to the identification of self-employed farmers and others to be eligible to participate in dislocated worker programs under JTPA Title III. It was suggested that the term "failure" was too broad and could include persons who, regardless of ability, fail or refuse to make payments or obtain capital and, as such, they should not be eligible for services. The Department agrees that the term "failure" is too broad, and that it is really the inability to make payments on loans or to obtain capital that is key in identifying individuals eligible for Title III services under § 631.30(b)(2) (iv) and (v). The term "failure" is being deleted from the proposed provisions of § 631.30(b)(2) (iv) and (v) in the final rule.

In addition, one commentator suggested that the regulations provide clarification in § 631.30(a)(4)(i) with respect to individuals who become unemployed due to natural disasters or as a result of general economic conditions in "the community in which they reside," since not all business people necessarily live in the community in which their businesses are located. The proposed regulation at § 631.30(a), as in the existing regulation, provides that the Governor is authorized to establish procedures to identify substantial groups of eligible individuals for JTPA Title III based on the criteria contained in the regulations. The language in the proposed regulation is intended to be illustrative rather than limiting and Governors may, pursuant to the provisions of § 627.1 and the Governor/Secretary Agreement, establish definitions, guidelines, and interpretations which reflect and respond to local conditions. DOL believes that the language contained in the proposed regulations accurately reflects congressional intent on this matter. No change has been made to the

proposed provisions of § 631.30(a)(4)(i) in the final rule.

Technical Corrections and Other Clarifying Rules

On occasion over the past four years, by separate **Federal Register** notices, the Department has announced changes in the implementation of JTPA. These changes have been largely necessitated by provisions of other Federal statutes that contain requirements that amended JTPA or applied to programs under JTPA. Other JTPA clarifying notices have also been published. The Department is taking this opportunity to incorporate some of these previously published changes and interpretations (in addition to those included in the proposed rule) into the basic JTPA Titles I, II, and III regulations.

The following is a summary of the incorporated changes:

In Part 631, Subpart B of the existing regulations the terms "allotment" and "allocation," and their variations, are used interchangeably. The proper term is "allotment," and its variations, which conforms to the Act. Accordingly, the final rule contains technical corrections to nomenclature at Part 631, Subpart B to reflect the proper term.

Other minor changes to reflect current nomenclature and citations also are made in various sections of the regulations.

Freely Associated States and Republic of Palau

Pursuant to the Compact of Free Association Act, Pub. L. 99-239 (January 14, 1986), the Republic of the Marshall Islands and the Federated States of Micronesia, formerly trust territories, are now freely associated states (FASs). However, the Republic of Palau currently remains a trust territory. See Pub. L. 99-658 (November 14, 1986). Therefore, in the final rule a nomenclature change has been made in § 631.11(b). The reference to the "Trust Territory of the Pacific Islands" has been revised to refer to "the Republic of Palau/Trust Territory, the Federated States of Micronesia, and the Republic of the Marshall Islands * * *." These three entities are eligible for proportional allotments of the allotment which would have gone to the Trust Territory of the Pacific Islands had the Compact not existed.

Republication of JTPA Titles I, II, and III Regulations

The proposed rule set forth individual proposed amendments to the JTPA regulations. However, to provide a single, complete source for these

regulations, the final rule is publishing the entire set of JTPA Titles I, II, and III regulations, as revised.

Regulatory Impact

The final rule implements the Job Training Partnership Act Amendments of 1986, makes technical changes, and clarifies existing regulations to reflect continuing policies. It does not have the financial or other impact to make it a major rule and, therefore, the preparation of a regulatory impact analysis is not necessary. See Executive Order No. 12291, 3 CFR, 1981 Comp., p. 127, 5 U.S.C. 601 note.

At the time the NPRM was published, the Department of Labor notified the Chief Counsel for Advocacy, Small Business Administration, and made the certification pursuant to the Regulatory Flexibility Act at 5 U.S.C. 605(b), that the rule would not have a significant economic impact on a substantial number of small entities. No significant economic impact would be imposed by the rule.

In accordance with agreements negotiated with the appropriate chief elected official(s), the PIC shall determine the procedures for development of the job training plan and select the grant recipient and administrative entity for the SDA. The PIC may exercise independent oversight over activities under the job training plan, and oversight shall not be circumscribed by agreements with the appropriate chief elected official(s) of the SDA.

(c) The employment service shall develop jointly with each appropriate PIC and chief elected official(s) for the SDA those components of the plans required under the Wagner-Peyser Act, as amended, applicable to the SDA (Wagner-Peyser Act section 8(b)(1)).

§ 628.3 Selection of SDA grant recipient, administrative entity and service providers.

(a) Pursuant to section 103(b)(1) of the Act, a selection shall be made of the SDA grant recipient and the entity to administer the job training plan developed pursuant to section 104 of the Act. These may be the same or different entities. The specific functions and responsibilities of these entities shall be spelled out in accordance with the agreement(s) between the PIC and the chief elected official(s), which should specifically address the provisions of section 141(i) of the Act.

(b) Service providers shall be selected in accordance with—

(1) The agreement negotiated pursuant to section 103(b)(1) of the Act, and

(2) The provisions of sections 107, 181(j)(2) and 205(b)(4) of the Act.

§ 628.4 Job training plan.

The Governor may issue instructions and schedules that will assure that job training plans and modifications for SDAs within the State conform to all requirements of the Act.

§ 628.5 Review and approval.

(a)(1) If the Governor disapproves the SDA job training plan or modification, the Governor shall notify the PIC and the appropriate chief elected official(s) for the SDA in writing as provided in section 105(b)(2) of the Act.

(2) The Governor shall provide the PIC and the appropriate chief elected official(s) for the SDA 20 days to correct the deficiencies and resubmit the plan or modification. The Governor shall make a final decision and shall notify the PIC and the appropriate chief elected official(s) for the SDA of the final disapproval or approval within 15 days after the plan or modification was resubmitted.

(b) Pursuant to section 105(b)(2) of the Act, any final disapproval of the job training plan or modification may be appealed to the Secretary.

(1) Appeals to the Secretary shall be submitted jointly by the PIC and the appropriate chief elected official(s) for the SDA to the Secretary, U.S. Department of Labor, Washington, DC 20210, ATTENTION: ASET. A copy of the appeal shall be simultaneously provided to the Governor.

(2) The Secretary shall not accept an appeal dated later than 30 days after receipt of the final disapproval from the Governor.

(3) The Secretary shall accept the appeal and make a decision only with regard to determining whether or not the disapproval is clearly erroneous within the context of section 105(b)(1) of the Act. The Secretary may consider any comments submitted by the Governor. In accordance with section 105(b)(2) of the Act, the Secretary shall make a final decision within 45 days after the appeal is received.

(c) Pursuant to section 164(b)(1) of the Act, a notice of intent to revoke approval of all or part of a plan may be appealed to the Secretary. Such appeals shall be subject to the terms and conditions of paragraph (b) of this section, except that the revocation shall not become effective until—

(1) The time for appeal has expired, or

(2) The Secretary has issued a decision.

§ 628.6 State SDA submission.

(a) Pursuant to section 105(d) of the Act, when the SDA is the State, the Governor shall, not less than 60 days before the beginning of the first of the two program years covered by the job training plan and in accordance with instructions issued by the Secretary, submit to the Secretary a 2-program-year job training plan. When the SDA is the State, modifications to the plan shall be submitted to the Secretary for approval.

(b) The Secretary shall review the plan or modification for overall compliance with the provisions of the Act. The State's plan shall be considered approved unless, within 30 days of receipt of the submission described in paragraph (a) of this section, the Secretary notifies the Governor in writing of discrepancies between the submission and specific provisions of the Act. If the plan or modification is disapproved, the Governor may appeal the decision by requesting a hearing before an administrative law judge pursuant to § 629.57(c) of this chapter.

§ 629.37 Allowable costs.

(a) *General.* To be allowable, a cost must be necessary and reasonable for proper and efficient administration of the program, be allocable thereto under these principles, and, except as provided herein, not be a general expense required to carry out the overall responsibilities of the Governor or subrecipient. Costs charged to the program shall be consistent with those normally allowed in like circumstances in nonfederally sponsored activities and with applicable State and local law, rules or regulations, as determined by the Governor.

(b) Direct and indirect costs shall be charged in accordance with 41 CFR 29-70.102 (1984).

(c) The Governor shall issue guidelines on allowable costs for SDA and statewide programs that shall include provisions that:

(1) Costs resulting from violations of, or failure to comply with, Federal, State or local laws and regulations are not allowable;

(2) Entertainment costs are not allowable;

(3) Insurance policies offering protection against debts established by the Federal Government are not allowable JTPA costs; and

(4) Personal liability insurance for PIC members is allowable.

(d) The cost of legal expenses required in the administration of grant programs is allowable. Legal services furnished by the chief legal officer of a State or local government or staff solely for the purpose of discharging general responsibilities as a legal officer are allowable. Legal expenses for the prosecution of claims against the Federal Government are unallowable.

§ 629.38 Classification of costs.

(a) To comply with the limitations on certain costs contained in section 108 of the Act, allowable costs shall be charged against the following cost categories: training; administration; and participant support.

(b) Costs are allocable to a particular cost category to the extent that benefits are received by such category.

(c) For State-administered programs, the Governor is required to plan, control and charge expenditures against the aforementioned cost categories.

(d) The Governor is responsible for ensuring that SDA grant recipients and other subrecipients plan, control, and charge expenditures against the aforementioned cost categories.

(e) In assigning costs to the training category pursuant to paragraph (a) of this section, the Governor shall ensure that:

(1) Training costs include: the costs associated with on-the-job training services; employer outreach necessary to obtain job listings or job training opportunities; salaries, fringe benefits, equipment and supplies of personnel directly engaged in providing training (including remedial education; job related counseling for participants; employability assessment and job development; job search assistance; including preparation for work and labor market orientation); books and other teaching aids; equipment and materials used in providing training to participants; classroom space and utility costs; and tuition and entrance fees that represent instructional costs which have a direct and immediate impact on participants. In addition, 50 percent of the costs of a limited work experience program, and 250 hours of youth tryout employment, are considered allowable training costs. A limited work experience program is one that meets the requirements of section 108(b)(3) of the Act. Youth tryout employment is that which meets the requirements of section 205(d)(3)(B) of the Act.

(2) Costs which are billed as a single unit charge do not have to be allocated or prorated among the several cost categories but may be charged entirely to training when the agreement:

(i) Is for training;

(ii) Is fixed unit price; and

(iii)(A) Stipulates that full payment for the full unit price will be made only upon completion of training by a participant and placement of the participant into unsubsidized employment in the occupation trained for and at not less than the wage specified in the agreement; or

(B) In the case of youth, payment for training packages purchased competitively pursuant to section 141(d)(3) of the Act shall include payment for the full unit price if the training results in either placement in unsubsidized employment or the attainment of an outcome specified in section 106(b)(2) of the Act.

(3) Training costs shall not include the direct or indirect costs associated with the supervision and management of the program.

(4) Training costs do not include supportive service costs as defined in section 4 of the Act or other participant support costs which are determined to be necessary at the local level.

(5) All costs of employment generating activities to increase job opportunities

for eligible individuals in the area and the remaining 50 percent of the costs of a limited work experience program, as well as 100 percent of the costs of other work experience programs, are not allowable training costs (section 108(b)(2)(A)).

(6) The salaries and fringe benefits of project directors, program analysts, labor market analysts, supervisors and other administrative positions shall not be charged to training. The compensation of individuals who both instruct and supervise other instructors shall be prorated among the training and administration cost categories based on time records or other verifiable means.

(7) Construction costs may be allowable training or participant support costs only when funds are used to:

(i) Purchase equipment, materials and supplies for use by participants while on the job and for use in the training of such participants. Examples of such equipment, materials and supplies are handtools, workclothes and other low cost items; and

(ii) Cover costs of a training program in a construction occupation, including costs such as instructors' salaries, training tools, books, and needs-based payments and compensation to participants.

(8) The cost of incorporating a PIC or consortium administrative entity for the purpose of carrying out programs under the Act shall not be charged to training but may be charged to other cost categories as appropriate.

(9) Any single cost which is properly chargeable to training and to one or more other cost categories shall be prorated among training and the other appropriate cost categories.

§ 629.39 Limitations on certain costs.

(a)(1) Not less than 85 percent of the funds for programs under Titles I, II, and III of the Act may be expended for the cost of training and participant support, except as provided in paragraph (b) of this section.

(2) Administrative costs are limited to 15 percent of funds available. The 15 percent limitation on administrative costs may not be waived.

(b) Funds allotted under the following sections of the Act are exclusions to the paragraph (a) of this section requirement:

(1) Section 202(b)(4);

(2) Section 202(b)(1), to carry out activities pursuant to section 123(c)(2)(A);

(3) Section 202(b)(3); and

(4) Section 301(a).

(c)(1) Not less than 70 percent of the funds for programs under Titles I, II-A, and III of the Act may be expended for

the costs of training, except as provided in paragraphs (d) and (e) of this section.

(2) There is an established 30 percent limitation on combined administrative and participant support costs. This limitation may be waived by the Governor only in accordance with paragraph (e) of this section.

(d) Funds allotted under the following sections of the Act are exclusions to the paragraph (c) of this section requirement:

(1) Section 202(b)(4);

(2) Section 202(b)(1), to carry out activities pursuant to section 123(c)(2);

(3) Section 202(b)(3), to provide technical assistance to SDAs within the State;

(4) Section 251; and

(5) Section 301(a).

(e) Expenditures may not be in excess of the limitation contained in paragraph (c) of this section except as provided for in section 108(c).

(f) Notwithstanding the limitations on certain costs contained in section 108 of the Act and paragraphs (a) through (e) of this section, funds available under section 202(b)(3) of the Act may be used by the Governor or SDA during not more than 2 program years, ending June 30, 1988, to develop and implement a data collection system to track the post-program experience of participants. Thereafter, the provisions of paragraphs (a) through (e) of this section shall apply to incentive and technical assistance funds under section 202(b)(3) of the Act, as appropriate.

(g) The provisions of this section do not apply to any designated SDA which served as a concentrated employment program grantee for a rural area under the Comprehensive Employment and Training Act (section 108(d)).

(h) Administrative funds within a SDA may, at the discretion of and pursuant to requirements established by the Governor, be pooled and used for all administrative costs of programs within the SDA assisted with funds under the Act.

§ 629.40 Matching funds.

The Governor shall define and assure the provision of adequate resources to meet the matching requirements of sections 123(b) and 304 of the Act.

§ 629.41 Property management standards.

(a) Personal or real property procured with JTPA funds or transferred from programs under the Comprehensive Employment and Training Act must be used for purposes authorized by the Act. Subject to the Secretary's rights to such property, the Governor shall maintain accountability for property in accordance with State procedures and

the records retention requirements of § 629.35.

(b) The JTPA program must be reimbursed the fair market value of any unneeded property retained by the Governor for use in a non-JTPA program. The proceeds from the sale of any property or transfer of property to a non-JTPA program must be used for purposes authorized under the Act.

§ 629.42 Audits.

(a) The requirements of 29 CFR Part 96, which implement Office of Management and Budget Circular A-128, "Audits of State and Local Governments," apply to JTPA programs administered by recipients and subrecipients, and shall be followed for audits of all program years beginning after July 1, 1985.

(b) Within a timely period after the State submits the audit report to the appropriate Federal official, the Governor shall submit an audit resolution report documenting the Governor's disposition of the reported questioned costs, i.e., whether allowed or disallowed, the basis for allowing questioned costs, and corrective actions taken.

(c) If the Governor intends to request waivers of liability under section 164(e)(2) of the Act, such requests must accompany the audit resolution report along with supporting documentation.

(d) After receiving the audit resolution report, the Secretary shall review the report(s), the Governor's disposition, and any liability waiver request. If the Secretary is in agreement with all aspects of the Governor's disposition of the audit(s), the Secretary shall so notify the Governor, constituting final agency action on the audit(s). If the Secretary is in disagreement with the Governor's conclusion on specific points in the audit(s), the Secretary shall resolve the audit(s) through the initial and final determination process described in Subpart D of this part.

(e) Audits conducted or arranged by the Inspector General will generally supplement rather than duplicate audits of recipients, PICs, SDAs, or other subrecipients.

§ 629.43 Oversight and monitoring.

(a) The Secretary is authorized to monitor and investigate pursuant to section 163 of the Act.

(b) The Governor is responsible for oversight of all SDA grant recipient activities and State supported programs.

(c) The PIC and local elected official(s) may conduct such oversight as they, individually or jointly, deem necessary or delegate to an appropriate

entity pursuant to their mutual agreement.

§ 629.44 Sanctions for violations of the Act.

(a) Pursuant to sections 164 (b), (d), (e), (f), (g), and (h) of the Act, the Secretary may impose appropriate sanctions and corrective actions for violations of the Act, regulations, or grant terms and conditions. Additionally, sanctions may include the following:

(1) Offsetting debts, arising from misexpenditure of grant funds, against amounts to which the Governor is or may be entitled under the Act, except as provided in section 164(e)(1) of the Act. The debt shall be fully satisfied when the Secretary reduces amounts allotted to the Governor by the amount of the misexpenditure; and

(2) Determining the amount of Federal cash maintained by the Governor or subrecipient in excess of reasonable grant needs, establishing a debt for the amount of such excessive cash, and charging interest on that debt.

(b) Except for actions under sections 164(f) and 167 of the Act, to impose a sanction or corrective action, the Secretary shall utilize initial and final determination procedures outlined in Subpart D of this part.

(c) To impose a sanction or corrective action regarding a violation of section 167 of the Act, the Secretary shall utilize the procedures of 29 CFR Part 31.

(d)(1) The Secretary shall hold the Governor responsible for all funds under the grant. The Governor shall hold subrecipients, including SDA grant recipients, responsible for JTPA funds received through the grant.

(2) The Secretary shall determine the liability of the Governor for misexpenditures of grant funds in accordance with section 164(e) of the Act, including the requirement that the Governor shall have taken prompt and appropriate corrective actions for misexpenditures by a subrecipient.

(3) Prompt, appropriate, and aggressive debt collection action to recover any funds misspent by subrecipients ordinarily shall be considered a part of the corrective action required by section 164(e)(2)(D) of the Act. In this regard, the Governor may request advance approval from the Secretary for contemplated corrective actions. Such requests may address debt collection actions or options which the Governor plans to initiate or to forego. The Governor's request shall include a description and assessment of all actions taken by the subrecipient to collect the misspent funds.

(4) In making the determination required by section 164(e)(2) of the Act, the Secretary may determine, based on a request from the Governor, that the Governor may forego certain collection actions against a subrecipient where that subrecipient was not at fault with respect to the liability criteria set forth in section 164(e)(2)(A) through section 164(e)(2)(D) of the Act. The Secretary shall consider such requests in assessing whether the Governor's corrective action was appropriate in light of section 164(e)(2)(D) of the Act. At that time, the Secretary shall also consider advance approvals (previously granted pursuant to paragraph (d)(3) of this section) in light of the Governor's demonstrated efforts to undertake the approved course of action.

(5) The Governor shall not be released from liability for misspent funds under the determination required by section 164(e) of the Act until the Secretary determines that further collection action, either by the Governor or subrecipient, would be inappropriate or would prove futile.

(e) The Governor shall have the authority to reduce allocations to a service delivery area if—

(1) The Secretary offsets a debt against funds allotted to the Governor and

(2) The debt resulted from a misexpenditure by the SDA grant recipient, or its subrecipients.

(f) Nothing in this section shall preclude the Secretary from imposing a sanction directly against a subrecipient as authorized in section 164(e)(3) of the Act. In such a case, the Secretary shall inform the Governor of the Secretary's action.

§ 629.45 Closeout. [Reserved]

§ 629.46 Performance standards.

(a) The Secretary shall prescribe performance standards for adults and youth under Title II-A and dislocated workers under Title III in accordance with section 106 of the Act. Standards for youth employment competencies shall prescribe the framework for competency development.

(b) The Governor shall establish SDA standards within the parameters set annually by the Secretary pursuant to section 106 of the Act and apply the standards in accordance with section 202(b)(3) of the Act.

(c) Pursuant to initial and annual instructions issued by the Secretary, the Governor shall:

(1) Collect the data necessary to set standards pursuant to section 165 of the Act; and

(2) Submit reports according to sections 106 and 121(b)(3) of the Act.

(d) Pursuant to section 106(h)(1) of the Act, the Governor shall, after exhaustion of remedies below, impose a reorganization plan if a subrecipient fails to meet performance standards for 2 consecutive years.

(1) Prior to imposition of a reorganization plan, the Governor must offer the subrecipient opportunity for a hearing.

(2) Should the hearing determination uphold the Governor's imposition of a reorganization plan, the subrecipient may appeal to the Secretary.

(3) Appeals shall be submitted to the Secretary, U.S. Department of Labor, Washington, DC 20210, ATTENTION: ASET. A copy of the appeal shall simultaneously be provided to the Governor.

(4) The Secretary shall not accept an appeal dated later than 30 days after receipt of written notification from the Governor.

(5) The appealing party shall explain why it believes the Governor's decision is contrary to the provisions of section 106 of the Act.

(6) The Secretary shall accept the appeal and make a decision only with regard to determining whether or not the Governor's decision is inconsistent with section 106 of the Act. The Secretary may consider any comments submitted by the Governor. The Secretary shall make a final decision within 60 days after this appeal is received section 106(h)).

Subpart D—Grievances, Investigations, and Hearings

§ 629.51 Scope and purpose.

(a) *General.* This subpart establishes the procedures to receive, investigate and resolve grievances, and conduct hearings to adjudicate disputes under the Act. Complaints of discrimination pursuant to section 167(a) of the Act will be handled under 29 CFR Parts 31 and 32.

(b) *Non-JTPA remedies.* Whenever any person, organization or agency believes that a Governor, SDA grant recipient or other subrecipient has engaged in conduct that violates the Act and that such conduct also violates a Federal statute other than JTPA, or a State or local law, that person, organization or agency may, with respect to the non-JTPA cause of action, institute a civil action or pursue other remedies authorized under other Federal, State, or local law against the Governor, SDA grant recipient or other subrecipient without first exhausting the

remedies in this subpart. Nothing in the Act or this chapter shall:

(1) Allow any person or organization to join or sue the Secretary with respect to the Secretary's responsibilities under JTPA except after exhausting the remedies in this subpart;

(2) Allow any person or organization to file a suit which alleges a violation of JTPA or these regulations without first exhausting the administrative remedies described in this subpart; or

(3) Be construed to create a private right of action with respect to alleged violations of JTPA or the JTPA regulations.

§ 629.52 State grievance and hearing procedures for non-criminal complaints at the Governor and subrecipient level.

(a) *Policy.* This section deals with the handling of non-criminal complaints. Criminal complaints are to be handled as specified in § 629.55 of this part.

(b) *Procedures at Governor and SDA levels.*

(1) Pursuant to section 144(a) of the Act, each Governor shall maintain a State level grievance procedure and shall insure the establishment of procedures at the SDA grant recipient level for resolving any complaint alleging a violation of the Act, regulations, grant or other agreements under the Act. The procedures must include the handling of complaints and grievances arising in connection with JTPA programs operated by each SDA grant recipient and subrecipient under the Act. These procedures must also provide for resolution of complaints arising from actions, such as audit disallowances or the imposition of sanctions, taken by the Governor with respect to audit findings, investigations, or monitoring reports (section 144(a)).

(2) The grievance hearing procedure shall include written notice of the date, time and place of the hearing, an opportunity to present evidence, and a written decision.

(c) *State review.*

(1) If a complainant does not receive a decision at the SDA grant recipient level within 60 days of filing the complaint or receives a decision unsatisfactory to the complainant, the complainant then has a right to request a review of the complaint by the Governor. The request for review shall be filed within 10 days of receipt of the adverse decision or 10 days from the date on which the complainant should have received a decision. The Governor shall issue a decision within 30 days. The Governor's decision is final.

(2) The Governor shall also provide for an independent State review of a complaint initially filed at the State

level on which a decision was not issued within 60 days or on which the complainant has received an adverse decision. A decision shall be made within 30 days. The Governor's decision is final.

(d) *Federal review of local level complaints without decision.*

(1) Should the Governor fail to provide a decision as required in paragraph (c) of this section, the complainant may then request from the Secretary a determination whether reasonable cause exists to believe that the Act or its regulations have been violated.

(2) The Secretary shall act within 90 days of receipt of the request and where there is reasonable cause to believe the Act or regulations have been violated shall direct the Governor to issue a decision adjudicating the dispute pursuant to State and local procedures. The Secretary's action does not constitute final agency action and is not appealable under the Act (sections 166(a) and 144(c)). If the Governor does not comply with the Secretary's order within 60 days, the Secretary may impose a sanction upon the Governor for failing to issue a decision.

(3) The request shall be filed no later than 10 days from the date on which the complainant should have received a decision as required in paragraph (c) of this section. The complaint should contain the following:

(i) The full name, telephone number (if any), and address of the person making the complaint;

(ii) The full name and address of the respondent against whom the complaint is made;

(iii) A clear and concise statement of the facts, including pertinent dates, constituting the alleged violation;

(iv) The provisions of the Act, regulations, grant or other agreements under the Act believed to have been violated;

(v) A statement disclosing whether proceedings involving the subject of the request have been commenced or concluded before any Federal, State or local authority, and, if so, the date of such commencement or conclusion, the name and address of the authority and the style of the case; and

(vi) A statement of the date the complaint was filed with the Governor, the date on which the Governor should have issued a decision, and an attestation that no decision was issued.

(4) A request will be considered to have been filed when the Secretary receives from the complainant a written statement sufficiently precise to evaluate the complaint and the grievance procedure used by the State and SDA grant recipient.

§ 629.53 Non-criminal grievance procedure at employer level.

(a) Governors, SDA grant recipients and other subrecipients shall assure that other employers, including private-for-profit employers of participants under the Act, also have a grievance procedure relating to the terms and conditions of employment available to their participants (section 144(b)).

(b) Employers under paragraph (a) of this section above may operate their own grievance system or may utilize the grievance system established by the Governor or SDA grant recipient under § 629.52 of this part. Employers shall inform participants of the grievance procedure they are to follow.

(c) An employer system shall provide for, upon request by the complainant, a review of an employer's decision by the SDA grant recipient and the Governor, if necessary, in accordance with § 629.52(b) of this part.

§ 629.54 Federal handling of administrative and civil complaints.

(a)(1) The Comptroller General's and Inspector General's authority to conduct audits, evaluations and investigations is as specified in § 629.42 of this part.

(2) The Secretary is authorized to monitor States (section 163(a)).

(3) The Secretary shall each fiscal year investigate several States to evaluate whether the use of funds received under the Act is in compliance with the provisions of the Act (section 165(b)(1)(A)).

(4) The Secretary may receive complaints alleging violations of the Act or regulations through the Department's incident reporting system.

(b) As a result of the findings or content of any of the activities listed in paragraph (a) of this section, the Secretary may:

(1) Direct the Governor to handle a complaint through local grievance procedures established under § 629.52 of this part; or

(2) Investigate and determine whether the Governor or subrecipients are in compliance with the Act and regulations (section 163 (b) and (c)).

(c)(1) The Secretary shall notify the Governor of the findings of the Secretary's investigation and shall give the Governor a period of time, not to exceed 60 days, depending on the nature of the findings, to comment and to take appropriate corrective actions.

(2) The Governor shall offer an opportunity for a hearing at the State level to those subrecipients adversely affected by the results of an investigation, audit or monitoring activity as specified in § 629.52(b) of this

part. The Governor shall inform the Secretary of actions undertaken, including any disposition of an audit conducted by the State to deal with the Secretary's findings if one was undertaken within the time frame specified by the Secretary.

(3) The Secretary shall review the complete file of the investigation and the Governor's actions. The Secretary's review shall take into account the provisions of § 629.44 of this part. If the Secretary is in agreement with the Governor's handling of the situation, the Secretary shall so notify the Governor. This notification shall constitute final agency action.

(d) *Initial and final determination.*—
(1) *Initial determination.* If the Secretary is dissatisfied with the Governor's disposition of an audit as specified in § 629.42 or other resolution of costs, with the Governor's response to findings pursuant to paragraph (c) of this section, or if the Governor failed to comply with the Secretary's decision pursuant to § 629.52(d)(2) of this part, the Secretary shall make an initial determination of the matter in controversy including the allowability of questioned costs or activities. Such determination shall be based upon the requirements of the Act, regulations, grants, contracts or other agreements, under the Act.

(2) *Informal resolution.* The Secretary shall not revoke a Governor's grant in whole or in part, nor institute corrective actions or sanctions, without first providing the Governor with an opportunity to present documentation or arguments to resolve informally those matters in controversy contained in the Secretary's initial determination. In the case of an initial determination pursuant to an audit, the informal resolution period shall be at least 60 days from issuance of the initial determination and no more than 170 days from the receipt by the Secretary of the final approved audit report. If the matters are resolved informally, the Secretary shall issue a final determination pursuant to paragraph (d)(3) of this section which notifies the parties in writing of the nature of the resolution and may close the file.

(3) *Final determination.* (i) If the Governor and the Secretary do not resolve any matter informally, the Secretary shall provide each party with a final written determination by certified mail, return receipt requested. In the case of audits, the final determination shall be issued not later than 180 days after the receipt by the Secretary of the final approved audit report.

(ii) The final determination shall:

(A) Indicate that efforts to informally resolve matters contained in the initial determination have been unsuccessful;

(B) List those matters upon which the parties continue to disagree;

(C) List any modifications to the factual findings and conclusions set forth in the initial determination;

(D) Establish a debt if appropriate;

(E) Determine liability, method of restitution of funds and sanctions; and

(F) In the case of a final determination imposing a sanction or corrective action, offer an opportunity for a hearing in accordance with § 629.57 of this part.

(iii) The final determination constitutes the final agency action unless a hearing is requested.

(e) Nothing in this section shall preclude the Secretary from issuing an initial and final determination directly to a subrecipient in accordance with the authority of section 164(e)(3) of the Act. In such a case, the Secretary shall inform the Governor of the Secretary's action.

§ 629.55 Federal handling of criminal complaints and reports of fraud, abuse and other criminal activity.

All information and complaints involving fraud, abuse or other criminal activity shall be reported directly and immediately to the Secretary of Labor.

§ 629.56 Opportunity for informal review.

(a) Parties to a complaint under § 629.57 of this part may choose to waive their rights to an administrative hearing before the Office of Administrative Law Judges (OALJ) by choosing to transfer the settlement of their dispute to an individual acceptable to all parties for the purpose of conducting an informal review of the stipulated facts and rendering a decision in accordance with applicable law. A written decision will be issued within 60 days after the matter is submitted for informal review.

(b) The waiver of the right to request a hearing before the OALJ will automatically be revoked if a settlement has not been reached within the 60 days provided in paragraph (a) of this section.

(c) The decision rendered under this informal review process shall be treated as a final decision of an Administrative Law Judge pursuant to section 166(b) of the Act.

§ 629.57 Hearings before the Office of Administrative Law Judges.

(a) *Jurisdiction.* The jurisdiction of the OALJ extends only to those complainants identified in sections 164(f) and 166(a) of the Act. All other disputes arising under the Act shall be adjudicated under the appropriate

recipient or subrecipient grievance procedures or other applicable law.

(b) *Sanctions.* For the purpose of this section, "sanctions" will not include actions required by authority other than this Act. For example, the imposition of interest charges where required by the Debt Collection Act of 1982 is not a sanction for the purpose of this section.

(c) *Procedures for filing request for hearing.*

(1) Within 21 days of receipt of the determination imposing the sanction or corrective action, or denying financial assistance, the applicant, Governor, SDA grant recipient or other subrecipient of funds may transmit by certified mail, return receipt requested, a request for hearing to the Chief Administrative Law Judge, United States Department of Labor, Room 700, Vanguard Building, 1111 20th Street, NW., Washington, DC 20036, with one copy to the departmental official who issued the determination and one copy to the Administrator, Office of Financial and Administrative Management, Employment and Training Administration, Washington, DC 20210.

(2) The 21-day filing requirement is jurisdictional; failure to timely request a hearing acts as a waiver of the right to hearing.

(3) The request shall specifically state those issues of the determination upon which review is requested. Those provisions of the determination not specified for review, or the entire determination when no hearing has been requested within the 21 days, shall be considered resolved and not subject to further review. Only alleged violations of the Act, regulations, grant or other agreements under the Act fairly raised in the determination and the request for hearing are subject to review.

(4) The same procedure set forth in paragraphs (c) (1) through (3) of this section applies in the case of a complainant who has not had a dispute adjudicated by the informal review process of § 629.56 of this part within the 60 days, except that the request for hearing before the OALJ must be filed within 15 days of the conclusion of the 60-day period. In addition to including the determination upon which review is requested, the complainant must include a copy of any Stipulation of Facts and a brief summary of proceedings.

(d) *Service and filing.* Copies of all papers required to be served on a party or filed with the OALJ shall be filed simultaneously with the OALJ and served upon the parties of record or their representatives, and shall contain proof of such service.

(e) *Rules of procedure.* The rules of practice and procedure promulgated by the OALJ (29 CFR Part 18) shall govern the conduct of hearings under this section, except that a request for hearing under this section shall not be considered a complaint to which the filing of an answer by DOL or a DOL agency or official is required.

(f) *Prehearing procedures.* In all cases, the OALJ should encourage the use of prehearing procedures to simplify and clarify facts and issues.

(g) *Subpoenas.* Subpoenas necessary to secure the attendance of witnesses and the production of documents or things at hearings shall be obtained from the OALJ and shall be issued pursuant to the authority contained in section 163(b) of the Act, incorporating 15 U.S.C. 49.

(h) *Timely submission of evidence.* The OALJ shall not permit the introduction at the hearing of documentation relating to the allowability of costs if such documentation has not been made available for review either at the time ordered for any prehearing conference, or, in the absence of such an order, at least 3 weeks prior to the hearing date.

(i) *Burden of production.* The Department shall have the burden of production to support the Secretary's decision. To this end, the Secretary shall prepare and file an administrative file in support of the decision. Thereafter, the party or parties seeking to overturn the Secretary's decision shall have the burden of persuasion.

(j) *Relief.* In ordering relief, the OALJ shall have the full authority of the Secretary under section 164 of the Act, except with respect to the provisions of section 164(e) of the Act.

(k) *Timing of decisions.* The OALJ should render a written decision not later than 90 days after the closing of the record.

§ 629.58 Other Authority.

Nothing contained in this subpart shall be deemed to prejudice the separate exercise of other authorities in pursuit of remedies and sanctions available outside the Act.

5. Part 630 is revised to read as follows:

PART 630—PROGRAMS UNDER TITLE II OF THE JOB TRAINING PARTNERSHIP ACT

Sec.

630.1 Adult and youth programs under Part A of Title II.

630.2 Summer youth employment and training programs under Part B of Title II.
Authority: 29 U.S.C. 1579(a).

§ 630.1 Adult and youth programs under Part A of Title II.

(a) Funding for programs under this section shall be provided in accordance with sections 162, 201, and 202 of the Act. Funds may be used to provide services specified in section 204 of the Act to persons meeting eligibility criteria specified in sections 141(e) and 203 of the Act.

(b)(1) Pursuant to section 203(b) of the Act, not less than 40 percent of funds shall be expended for services to eligible youth. For the purposes of this paragraph (b)(1), the term "eligible youth" includes individuals who are 14 and 15 years of age and enrolled pursuant to Section 205(c)(1) of the Act.

(2) To the extent that the ratio of economically disadvantaged youth to economically disadvantaged adults in the SDA differs from the ratio of such individuals nationally as published by the Secretary, the percentage specified in paragraph (b)(1) of this section shall be reduced or increased by a local adjustment factor. This factor, which may be obtained by dividing the SDA ratio of economically disadvantaged youth to economically disadvantaged adults by the national ratio as published by the Secretary, may be multiplied by 40 percent to derive the youth service level for the SDA. The Governor may provide for an alternative methodology to develop the local adjustment factor depending on the availability of data (section 203(b)(2)).

(c) Funds may be used to conduct exemplary youth programs under section 205 of the Act, as follows:

(1) Except for tryout employment authorized under section 205(d)(3)(B) of the Act, exemplary youth programs may be modified to accommodate local conditions as specified in the job training plan (section 205(a)); and

(2) Tryout employment in private for-profit worksites may be conducted only in accordance with section 205(d) of the Act (section 141(k)).

§ 630.2 Summer youth employment and training programs under Part B of Title II.

(a) The purposes of Title II-B summer programs are to:

- (1) Enhance the basic educational skills of eligible youth;
- (2) Encourage school completion, or enrollment in supplementary or alternative school programs; and
- (3) Provide eligible youth with exposure to the world of work.

(b) Funding for program under this section shall be provided in accordance with sections 162 and 252 of the Act to provide services specified in section 253 of the Act to economically disadvantaged youth meeting eligibility

criteria set forth in sections 141(e) and 254 of the Act.

(c) The Governor shall issue instructions and schedules to assure that each SDA describes its planned summer youth employment and training program (SYETP) activities in an SYETP plan. The SYETP plan shall include a description of assessment plans and arrangements, a description of program activities and services to be provided, and written program goals and objectives which shall be used to evaluate the effectiveness of programs, and a description of evaluation criteria and process used to evaluate the effectiveness of programs conducted under this section. The Governor may specify other elements that are to be contained in the SYETP plan. The SYETP plan shall:

(1) Describe how the reading and mathematics skill levels of eligible participants will be assessed;

(2) Include the provision of basic and remedial education (other allowable activities specified at section 253 of the Act may also be provided) and based on the results of the assessment conducted under paragraph (c)(1) of this section describe SDA basic and remedial education programs which enhance the basic education skills of youth; and

(3) Describe the written goals and objectives established by the SDA to evaluate the effectiveness of its SYETP as specified at section 255 of the Act, and the evaluation methods which measure the effectiveness of its summer program.

(d) Pursuant to section 254 of the Act, an SDA may offer SYETP activities and services with funds under this section to participants during a vacation period designated as the equivalent of a summer vacation if the local educational agency operates its schools on a year-round full-time basis.

(e) Not more than 15 percent of the funds available for programs under this section may be used for the costs of administration.

Federal Agency Hazardous Waste Compliance Docket

AGENCY: Environmental Protection Agency.

ACTION: EPA initial list of Federal facilities under CERCLA section 120(c).

SUMMARY: Section 120(c) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1986 (SARA), requires the Environmental Protection Agency (EPA) to establish a Federal Agency Hazardous Waste Compliance Docket that contains certain information regarding Federal facilities which manage hazardous waste or have potential hazardous waste problems. The following list identifies the Federal facilities to be included in the initial docket. This list of facilities will be updated every six months as new facilities are reported to EPA by Federal agencies. For each Federal facility that appears on the docket, the responsible Federal agency must complete a Preliminary Assessment to determine if response actions are necessary.

DATE: This list is current as of January 12, 1988.

I. Introduction

The Federal Agency Hazardous Waste Compliance Docket ("docket") is required to be established under section 120(c) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 U.S.C. 9620(c), as amended by the Superfund Amendments and Reauthorization Act of 1986 (SARA). The docket will contain information on Federal facilities that is submitted by Federal agencies to the U.S. Environmental Protection Agency ("EPA" or "the Agency") under sections 3005, 3010, and 3016 of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. 6925, 6930, and 6937,

and under section 103 of CERCLA. The initial list of Federal facilities to be included in the docket is being published today. This list will be updated every six months, beginning with the publication of this notice, to include new facilities on the docket that are subsequently reported to EPA by Federal agencies. The information submitted to EPA on each Federal facility, as required by the above provisions, will be contained in docket repositories located in the EPA Regional office where the facility is found. A complete national index of the information found in the Regional docket repositories will be maintained at EPA Headquarters in Washington, DC, and made available to the public. Although the Regional docket repositories are not yet in place, the Agency plans to have the Region I repository open to the public by January 1988, Region II by February 1988, and the remaining Regional repositories opened in a phased manner thereafter, with all ten repositories due to be open to the public by late spring. Additional information on how to access information found in the docket repositories will be published later. Until that time, interested parties should contact the RCRA/Superfund Hotline for information on how to arrange for review and copying of specific documents.

II. Purpose of the Docket

The purpose of the docket is three-fold: (1) To identify the universe of Federal facilities that must be evaluated to determine if they pose risk to public health and the environment; (2) to compile and maintain the information submitted to EPA on these facilities under the provisions listed in section 120(c) of CERCLA; and (3) to provide a mechanism to make this information available to the public.

It is important to clarify that the docket represents those Federal facilities that may be contaminated with hazardous substances. For instance, some facilities may have been reported under RCRA section 3010 simply because they manage or have managed hazardous waste, and not necessarily because contamination has occurred. Federal agencies have been delegated the authority under Executive Order 12580 to conduct a Preliminary Assessment (PA) for each of their facilities on the docket within 18 months of the date of enactment of SARA (i.e., April 17, 1988) as set forth in CERCLA section 120(d). The Agency has alerted Federal agencies of this requirement. EPA must ensure that the PAs are completed. This initial assessment will

help determine if a release has occurred or if a significant threat of a release is present, and whether or not the facility should be evaluated for inclusion on the CERCLA National Priorities List (NPL). Thus, the docket list is not intended to serve as an NPL for Federal facilities. It will, however, identify those Federal facilities that must be assessed. If the PA indicates that additional evaluation of the facility is necessary, the responsible Federal agency must provide to EPA, by April 1988, all the information necessary for EPA to perform a full Hazard Ranking System (HRS) evaluation of the facility. EPA will then propose the facility for inclusion on the NPL if it meets the established criteria.

III. Definition of Facility for Docket Purposes

EPA has defined a "Federal facility," for the purpose of docket listing, based primarily on the RCRA definition of facility (see 47 FR 32288-9 (1982) and 50 FR 28712 (1985)). This property-based definition encompasses all contiguous land that is owned by a department, agency, or instrumentality of the United States. The definition includes all individual sites or units on the owner's property, including Government-owned, contractor-operated sites. EPA believes that the PA should be completed for the entire Federal facility as defined, not just for the portions or units that may have been reported. The PA should also address contamination which may be emanating from the facility onto adjacent property, consistent with CERCLA section 120(b).

EPA's use of the property-based definition is an attempt to reconcile the definition of "facility" in RCRA with the definition under CERCLA. This was necessary because information from both programs will be contained in the docket. The use of this definition also stems from the designations that are employed by the Federal agencies themselves when carrying out their programs. Most Federal agencies have specific landholdings under their jurisdiction that are confined within property boundaries, such as national parks and Department of Defense installations. Defining a Federal facility in these terms will also aid its identification by the public.

The Bureau of Land Management (BLM) appears to be the only Federal agency whose property does not conform well to EPA's facility definition. BLM owns extensive and scattered lands, particularly in the western United States, which are difficult to divide into small units of property that can be

termed "facilities" as defined above. Therefore, EPA has decided to list the individual sites owned by BLM (including sites leased to private parties) that are potentially contaminated. EPA also believes that the public can more readily identify BLM's property in the docket if individual sites are listed.

IV. Process for Establishing the Docket

In compiling the list which is being published today, EPA extracted the names and addresses of facilities from three EPA data bases which contain Federal facility information submitted under the four provisions listed in section 120(c). All Federal agencies were given the opportunity to comment on the draft list to ensure its accuracy. EPA has begun compiling the information submitted for each listed facility for inclusion in the appropriate EPA Regional docket repository. Confidential business information, as defined in 40 CFR Part 2, Subpart B (1986), will not be available for public inspection.

The following is a brief description of the four provisions that require Federal agencies to report information to EPA:

1. RCRA section 3005 establishes a permitting system for hazardous waste treatment, storage, and disposal (TSD) facilities based on EPA standards to protect human health and the environment. Information submitted

under RCRA section 3005 consists of the TSD facility permit application materials.

2. RCRA section 3010 requires waste generators, transporters, and TSD facility owner/operators to notify EPA of their hazardous waste activities.

3. RCRA section 3016 requires Federal agencies to submit to EPA an inventory of hazardous waste sites that the Federal agencies own or operate, or have owned or operated in the past.

4. CERCLA section 103(a) requires the owner or operator of a vessel or facility to notify the National Response Center (NRC) of a release of reportable quantities of hazardous substances. The NRC conveys this information to all appropriate government agencies, including EPA. In addition, CERCLA section 103(c) required an initial reporting by June 9, 1981 of known or suspected hazardous waste sites.

V. Facilities Not Included

EPA has decided not to include in the docket at this time the following three categories of facilities:

1. Facilities formerly owned by a Federal agency and now privately owned. However, facilities that are now owned by another Federal agency will remain on the docket with the responsibility resting with the current owner.

2. Small Quantity Generators (SQG's) reported under RCRA section 3010 that have never produced more than 1000 kg/month of hazardous waste.

3. Facilities that are solely transporters as reported under RCRA section 3010.

The Agency will be collecting additional information in the coming months on whether or not to include one or more of these categories in future updates to the docket, and may solicit public comment on the issues at a later date.

VI. Information Contained on Docket Listing

The list below is organized by State and then grouped alphabetically within each State by the Federal agency responsible for the facility. This information is then followed by the facility name and address (as verified by the Federal agency), the statutory provision(s) under which the facility was reported to EPA (indicated by an "x" in the appropriate column(s)), and the EPA Region where the facility is located.

J.W. McGraw,

Acting Assistant Administrator, Office of Solid Waste and Emergency Response.

Date: February 8, 1988.
